MARKUP #1 · POTENTIAL FED LAW CONFLICT

BOARD & COUNSEL REVIEW

**Sec. 10.26 (p. 1): FCC OTARD preemption conflict (47 C.F.R. § 1.4000): Outright antenna/satellite-dish prohibition, sub-1-meter diameter cap, mandatory cable-hookup removal, permit fee, or unqualified front-elevation/street-visibility ban is unenforceable as applied to covered <= 1-meter reception devices on exclusive-use property.**

**Statutory / Legal Reference: 47 C.F.R. § 1.4000 (FCC OTARD Rule)**

Statutory Comparison: Under the FCC Over-the-Air Reception Devices rule (47 C.F.R. § 1.4000, including FCC 21-10), preemption applies to covered direct-broadcast satellite (DBS/DSS) dishes one meter (39.37 inches) or less in diameter, television broadcast antennas, and fixed wireless broadband antennas installed within areas under the owner's or occupant's exclusive use or control. Outright bans, sub-1-meter diameter caps, monetary permit fees, mandatory removal upon cable availability, and unqualified front-elevation or street-visibility prohibitions that preclude an acceptable quality signal are preempted unless justified by a documented safety objective (§ 1.4000(b)(1)) or a National Register historic site (§ 1.4000(b)(2)). Entity Scope Qualification: Confirm whether this entity operates as a residential common-interest community, a sub-association vs. master association, or a commercial/recreational club, as residential HOA/Condominium statutory mandates apply only to qualifying residential common-interest associations.

**CURRENT WORDING IN DOCUMENT:**

Repair, removal, replacement and reconstruction of one or more gondolas, chair lifts, or other aerials transportation systems, funiculars or other surface transportation systems, over, across and through the Subdivision (collectively "Transportation System Activities") shall not be deemed a nuisance or prohibited activity for any reason.

**SAMPLE DISCUSSION WORDING (FOR HOA ATTORNEY REVIEW):**

**Provided that for covered reception antennas and satellite dishes one meter (39.37 inches) or less in diameter installed within areas under the owner's or occupant's exclusive use or control, this provision shall be administered in accordance with 47 C.F.R. § 1.4000 without outright prohibition, permit fee, or placement/size limits that preclude an acceptable quality signal, while preserving association authority over shared common elements, dishes exceeding one meter, documented safety objectives (§ 1.4000(b)(1)), and historic preservation sites (§ 1.4000(b)(2)).**
