3.12.1.8 Satellite Dishes. Satellite dishes, aerials, antennas and all lines and equipment related thereto located wholly within the physical boundaries of a Home contained on a Lot shall be permitted without any requirement for approval from the Board of Directors. Satellite dishes, aerials and antennas (including, but not limited to, ham radio antennas) shall not be permitted on the non-enclosed dwelling portions of a Lot except to the extent required to be permitted by applicable law (including, but not limited to, the federal Telecommunications Act of 1996). The Association shall have the right and authority, in its sole discretion and from time to time, to promulgate Rules and Regulations concerning the size and location of, and safety restrictions pertaining to, the installation of such television signal reception equipment. Notwithstanding any provision to the contrary, (a) the Association, in its discretion and from time to time, shall have the power and ability to erect or install any satellite dish, aerial or antenna or any similar structure on the Common Property, provided that such satellite dish, aerial or antenna be solely utilized for the reception of television signals to be utilized by the residents of the Community or for security purposes, and (b) only antennae, aerials and satellite dishes which are designed to receive television signals shall be permitted (i.e., no antennae and satellite dishes which broadcast a signal shall be permitted).

No solar panel, vents, or other roof-mounted, mechanical equipment shall project more than one (1) foot above the surface of the roof of a Home contained on a Lot, and all such equipment, other than solar panels, shall be painted consistent with the color scheme of the portion of the Home for which such equipment is installed. This provision is not intended to prohibit the use of energy conservation devices.

3.12.1.10 Automobile Garage. No automobile garage shall be permanently enclosed and converted to other use without the substitution of another enclosed automobile storage facility upon the Lot. All Lots shall have a paved driveway of stable and permanent construction, as further provided in Section 3.12.1.14 herein.
