Section 5. Enforcement.

(a) It is Declarant’s intent that the architectural control provisions of this Declaration and any Additional Declarations are to permit control of the architectural design and landscaping and to establish quality standards for construction and construction activity in the Project and to help preserve values of properties in the Project. All Owners, by purchasing property subject to this Declaration, acknowledge that a violation of any such provisions could result in irreparable harm and damage to other Owners of property in the Project and to Declarant, and to the values of their respective properties in the Project, a monetary measure of which harm and damage would be difficult to establish. Accordingly, the Association shall have the specific right (but not the obligation) to enforce and/or to prevent any violation of the provisions contained in this Article VIII by a proceeding at law or in equity against the person or persons violating or attempting to violate any such provisions. Declarant hereby specifically reserves and grants unto the Architectural Control Committee, the Board and any agent or member thereof, the right of entry and inspection upon any portion of the Property for the purpose of determination by the Architectural Control Committee or the Board whether there exists any construction of any Improvement which violates the terms of any approval by the Architectural Control Committee, the terms of the Architectural and Landscape Guidelines, the terms of this Declaration or any Additional Declaration, or the terms of any amendments hereto or thereto.

(b) As to nonconforming or unapproved Improvements, the Association may require any Owner to restore such Owner’s Improvements to the condition existing prior to the construction thereof (including, without limitation, the demolition and removal of any unapproved Improvements) if such Improvements were commenced or constructed in violation of this Article. In addition, the Association may, but has no obligation to, cause such restoration, demolition and removal to be performed and to levy the amount of the cost thereof as a Special Individual Assessment against the Lot, Tract or portion of the Property upon which such Improvements were commenced or constructed. In the event that it becomes necessary to resort to litigation to determine the propriety of any constructed Improvement, to remove any unapproved Improvement or otherwise to remedy a violation of the Architectural and Landscape Guidelines, the Association shall
