“Community Manual” means the community manual, which may be initially adopted and recorded by the Declarant as part of the initial project documentation for the benefit of the Association and the Property. The Community Manual may include the Bylaws, Rules and Regulations and other policies governing the Association. The Community Manual may be amended or supplemented, from time to time, by the Declarant during the Development Period. Any amendment to the Bylaws, Rules and Regulations and other policies governing the Association prosecuted by the Board must be approved in advance and in writing by the Declarant until expiration or termination of the Development Period. Upon expiration or termination of the Development Period, the Community Manual may be amended by a Majority of the Board.

“Community Systems” means any and all cable television, telecommunications, alarm/monitoring, internet, telephone or other lines, conduits, wires, amplifiers, towers, antennae, satellite dishes, equipment, materials and installations and fixtures (including those based on, containing and serving future technological advances not now known), if installed by Declarant pursuant to any grant of easement or authority by Declarant within the Property.

“Declarant” means LENNAR HOMES OF TEXAS LAND AND CONSTRUCTION, LTD., a Texas limited partnership, its successors or assigns; provided that any assignment(s) of the rights of LENNAR HOMES OF TEXAS LAND AND CONSTRUCTION, LTD., as Declarant, must be expressly set forth in writing and Recorded.

Declarant enjoys special rights and privileges to help protect its investment in the Property. These special rights are described in this Declaration. Many of these rights do not terminate until either Declarant: (i) has conveyed all Lots which may be created out of the Property; or (ii) voluntarily terminates these rights by a Recorded written instrument.

“Design Guidelines” means the standards for design, construction, landscaping, and exterior items proposed to be placed on any Lot adopted pursuant to Section 7.2.3, as the same may be amended from time to time. The Design Guidelines may consist of multiple written design guidelines applying to specific portions of the Property. At Declarant’s option, Declarant may adopt or amend from time to time the Design Guidelines for the Property or any portion thereof. Notwithstanding anything in this Declaration to the contrary, the Declarant will have no obligation to establish Design Guidelines for the Property or any portion thereof.

“Development Period” means the period of time beginning on the date when this Declaration has been Recorded, and ending twenty-four (24) months after Declarant no longer owns any portion of the Property, unless earlier terminated by a Recorded written instrument executed by the Declarant. Declarant may terminate the Development Period by an instrument executed by Declarant and Recorded. The Development Period is the period in which Declarant reserves the right to facilitate the development, construction, and marketing of the Property, and the right to direct the size, shape and composition of the Property.
