BOARD & COUNSEL REVIEW

common household pets in reasonable number, as determined by the Board. No pets shall be kept, bred or maintained for any commercial purpose.

Section 10. Nuisance. It shall be the responsibility of each Owner and Occupant to prevent the development of any unclean, unhealthy, unsightly, or unkempt condition on his or her property. No property within the Community shall be used, in whole or in part, for the storage of any property or thing that will cause such Lot to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, or material be kept that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort, or serenity of the occupants of surrounding property. No noxious or offensive activity shall be carried on within the Community, nor shall anything be done tending to cause embarrassment, discomfort, annoyance, or nuisance to any Person using any property within the Community. There shall not be maintained any plants or animals or device or thing of any sort whose activities or existence in any way is noxious, dangerous, unsightly, unpleasant, or of a nature as may diminish or destroy the enjoyment of the Community. Without limiting the generality of the foregoing, no speaker, horn, whistle, siren, bell, amplifier or other sound device, except such devices as may be used exclusively for security purposes, shall be located, installed or maintained upon the exterior of any Lot unless required by law.

Section 11. Unsightly or Unkempt Conditions. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken in any part of the Community.

Section 12. Antennas. No exterior antennas of any kind shall be placed, allowed, or maintained upon any portion of the Community, including any Lot, without the prior written consent of the Architectural Review Committee. The Board shall have the right (but shall not be obligated), to erect a master antenna, satellite dish or other similar master system for the benefit of the entire Community. Each Owner and Occupant acknowledges that this provision benefits all Owners and Occupants and each Owner and Occupant agrees to comply with this provision despite the fact that the erection of an outdoor antenna or similar device would be the most cost-effective way to transmit or receive the signals sought to be transmitted or received.

Section 13. Tree Removal. No trees that are located in common areas or acting as buffers along the exterior perimeter of Bonney Lake Manor may be removed without the consent of the Architectural Review Committee.

Section 14. Drainage. Catch basins and drainage areas are for the purpose of natural flow of water only. No obstructions or debris shall be placed in these areas. No Owner or Occupant may obstruct or rechannel the drainage flows after location and installation of drainage swales, storm sewers, or storm drains. Declarant hereby reserves the benefit of Declarant and the Association and their respective successors and assigns a perpetual easement across all Community property for the purpose of altering drainage and water flow. Rights exercised pursuant to such reserved easement shall be exercised with a minimum of interference to the quiet enjoyment of affected property, reasonable steps shall be taken to protect such property, and damage shall be repaired by the Person causing the damage at its sole expense.

Sec. 12. (p. 17): Blanket ban, sub-1-meter size cap, or prior approval requirement on satellite dishes or antennas is preempted by federal FCC OTARD regulations.

Statutory / Legal Reference: 47 C.F.R. § 1.4000 (FCC OTARD Rule)

Statutory Comparison: The FCC Over-the-Air Reception Devices rule (47 C.F.R. § 1.4000, as expanded by the 2021 OTARD Report and Order, FCC 21-10) preempts community association restrictions that prohibit, charge application fees for, require prior architectural approval for, or impose sub-1-meter (39.37-inch) diameter caps on the installation, maintenance, or use of television broadcast antennas, direct-broadcast satellite dishes 1 meter or less in diameter, and fixed wireless broadband antennas (including hub and relay antennas) situated on property within the exclusive use or control of the owner/tenant.

CURRENT WORDING IN DOCUMENT:

Antennas. No exterior antennas of any kind shall be placed, allowed, or maintained upon any portion of the Community, including any Lot, without the prior written consent of the Architectural Review Committee.

SAMPLE DISCUSSION WORDING (FOR HOA ATTORNEY REVIEW):

Provided that this restriction shall not prohibit or require prior approval for any owner or occupant installing an antenna, fixed wireless broadband hub/relay device, or satellite dish of one meter (39.37 inches) or less in diameter within areas under the owner's or occupant's exclusive use or control, in accordance with FCC OTARD regulations (47 C.F.R. § 1.4000).
